MSP (Medical Service Plan): BC Health Care, will reimburse \$23.00 for patients who qualify for Premium Assistance (subsidy for the BC health care plan for low income) to a maximum of 10 combined specialist (naturopathy, chiropractor, physiotherapy etc.) appointments. Dr. Maltais will provide you with a form that you will complete and mail along with a copy of your receipt(s). MSP will mail reimbursements directly to you in 6-8 weeks.

EXTENDED MEDICAL BENEFITS: Most Extended Health Plans cover some or all of the fees for Naturopathic visits. Contact your extended health carrier to determine how much is covered per visit and per year. Patients are responsible for submitting their receipts to their companies for reimbursement. If supplements have a DIN number (Drug Identification Number), write the number on the receipt and sometimes the extended health insurer will reimburse for those products.
